THE
RESET
JOURNAL

— ♦ —
A GUIDED JOURNAL FOR
CLARITY, HEALING & GROWTH

NESRIN ABD ELHAKIM

— ♦ —
EXECUTIVE COACH • LEADERSHIP ADVISOR

Dear Brave Soul,

You picked up this journal for a reason. Maybe you are exhausted. Maybe you feel lost, stuck, or disconnected from the person you know you are capable of being. Maybe something happened that shook your world. Or maybe — and this takes real courage — you simply decided that enough is enough, and you are ready to begin again.

Whatever brought you here, **welcome**. This is your safe space. These pages hold no judgment, no expectations, and no timelines. They only hold one thing: *possibility*.

RESET is a 90-day guided journey designed to help you reconnect with yourself, process what you are carrying, and step into the life you truly want. It is not about becoming someone new. It is about remembering who you already are.

"The journey of a thousand miles begins with a single step. You have already taken it by opening this page."

How to Use This Journal

☐ **Daily Pages:** Complete your morning and evening check-ins each day. Even five minutes counts.

☐ **Weekly Resets:** Every 7 days, pause to reflect on your progress and set intentions.

☐ **Monthly Reviews:** Celebrate your growth and realign your direction each month.

☐ **Deep Work Sections:** Return to healing, self-discovery, and NLP exercises as needed.

☐ **Affirmations:** Choose one each morning. Say it out loud. Mean it.

☞ **Remember:** There is no "wrong" way to journal. Skip a day? Come back. Write one word? That counts. The only rule is: be honest with yourself. These pages are yours.

I Choose Myself.

Today, I make a commitment to myself. Not to perfection. Not to ease. But to *showing up* — for 90 days — with honesty, curiosity, and compassion.

"I, _____, commit to this 90-day journey of self-discovery, healing, and growth. I commit to being honest with myself, gentle with my progress, and brave enough to face what needs to change."

My Signature

I Begin This Journey On

In 90 Days, I Want to Feel

"You owe yourself the love that you so freely give to other people."

Why I Started This Journey

Take your time with this page. Be honest. No one else will read it.

WHAT BROUGHT ME TO THIS MOMENT?

WHAT AM I MOST TIRED OF?

WHAT DO I MOST HOPE TO DISCOVER ABOUT MYSELF?

IF THIS JOURNEY CHANGES ONE THING IN MY LIFE, WHAT DO I WANT IT TO BE?

"The first step to getting anywhere is deciding you're no longer willing to stay where you are."

SECTION ONE

Life Assessment Wheel

*Where are you right now? Honest answers create
powerful starting points.*

Your Life Assessment Wheel

Rate yourself honestly in each area from 1 (very low) to 10 (thriving). There are no right or wrong answers — only honest ones. This is your starting point, not your destination.

WHEEL REFLECTION QUESTIONS

Which area scored lowest? What does that tell you?

Which area surprised you?

If you could change ONE area in 90 days, which would it be and why?

SECTION TWO

The Emotional Wheel

Understanding your emotions is the foundation of self-awareness and healing.

Understanding Your Emotions

Emotions are not problems to fix — they are messengers. The Emotional Wheel helps you identify and name what you are feeling, which is the first and most powerful step toward emotional intelligence.

🔑 WHY THIS MATTERS

Research shows that the simple act of naming an emotion — "I feel anxious" rather than "I feel bad" — reduces its intensity and helps your brain move toward regulation. The more specific you are, the more empowered you become.

Core Emotions

ANGER

Frustrated · Irritated · Resentful · Jealous · Disgusted · Furious

SADNESS

Hurt · Lonely · Disappointed · Hopeless · Grief · Empty

FEAR

Anxious · Worried · Overwhelmed · Insecure · Vulnerable

JOY

Happy · Grateful · Excited · Proud · Inspired · Content

SURPRISE

Shocked · Amazed · Confused · Startled · Curious

DISGUST

Repelled · Disapproving · Judging · Avoidant

CALM

Peaceful · Safe · Grounded · Accepted · Balanced

SHAME

Embarrassed · Guilty · Unworthy · Exposed · Remorseful

Emotion Deep-Dive: When You Feel Anxious

Anxiety often points to something important. Use these questions to explore it gently:

What am I afraid might happen?

Is this fear based on facts or assumptions?

What is the best possible outcome?

What do I need right now?

What is within my control?

How can I be kind to myself today?

MY CURRENT EMOTIONAL STATE

Right now, I feel...

This emotion is telling me...

SECTION FOUR

The Healing Section

*What you carry does not have to be permanent. This is
a space to set it down gently.*

Letting Go

This section is sacred. Take your time. Go slowly. You do not have to heal everything today — just one layer at a time.

"You don't have to let go of the memory. You just have to let go of the pain that's attached to it."

♥ WHAT AM I STRUGGLING TO LET GO OF?

🗣️ WHAT STORY AM I REPEATEDLY TELLING MYSELF?

🦋 WHAT WOULD HAPPEN IF I RELEASED THIS BURDEN?

♥ WHAT DO I NEED TO FORGIVE — IN OTHERS, OR IN MYSELF?

📖 WHAT LESSON DID THIS EXPERIENCE TEACH ME?

✂️ **Healing Practice:** Write a letter to the version of you who was hurt. Tell them what you want them to know. You do not need to send it. Just write it. This page is yours.

SECTION FIVE

Self-Discovery

*You are more interesting, more capable, and more
worthy than you have been told. Let's rediscover you.*

Who Are You, Really?

Not who you were told to be. Not who you became out of survival. But *who you are* when you feel completely safe, completely free, and completely yourself.

🕒 WHAT MAKES ME FEEL MOST ALIVE?

"The two most important days in your life are the day you are born and the day you find out why."

SECTION SIX

NLP-Based Reflection Exercises

*Reframe. Rewrite. Rewire. The way you talk to yourself
changes everything.*

Reframe. Rewire. Rise.

Neurolinguistic Programming (NLP) teaches us that the language we use — both out loud and in our own minds — directly shapes our reality. These exercises help you catch limiting patterns and replace them with empowering ones.

Exercise 1: The Reframing Exercise

✦ SITUATION REFRAMING Write a situation that is bothering you: How else can I view this situation? What opportunity might be hidden here? What would someone I deeply admire say about this?	
--	--

Exercise 2: Empowering Language

🗨 REPLACE LIMITING LANGUAGE I have to→I choose to I can't→I am learning how to I always fail→I am improving with experience I'm not good enough→I am growing into my potential Nobody cares→I am worthy of love and connection This always happens to me→I have the power to change my patterns	
--	--

Write three of your own limiting beliefs and reframe them:

→	
→	
→	

Future Self Visualisation

* EXERCISE 3: MEET YOUR FUTURE SELF

Close your eyes. Take three deep breaths. Imagine yourself exactly one year from today. You have done the work. You have shown up. You have grown. Now, describe what you see.

WRITE AS IF IT HAS ALREADY HAPPENED — IN PRESENT TENSE.

My lifestyle: "I wake up every morning feeling..."

My habits: "Every day, I consistently..."

My confidence: "I walk into rooms knowing that..."

My relationships: "The people in my life..."

My achievements this year:

"The best time to plant a tree was 20 years ago. The second best time is now."

— Chinese Proverb

A LETTER TO MYSELF, FROM MYSELF — AFTER 90 DAYS:

Dear _____,

With love, _____

You Did It.

"You picked up this journal when something in you whispered: it's time. You kept coming back, even on the days when you didn't want to. You were honest with yourself when it was easier not to be. And that — that is the bravest, most loving thing a person can do."

This is not the end. This is a beginning.

Keep writing. Keep growing. Keep choosing yourself — every single day. The life you want is not waiting for you someday. It is built in moments exactly like this one.

"The most important thing is this: to be able at any moment to sacrifice what you are for what you could become."
